

Kalash Hayaran

Software Development Engineer

6265205125 · kalash123e@gmail.com · linkedin.com/in/kalash-hayaran · github.com/kalash-hayaran · Bhopal, India

PROFILE

B.Tech Computer Science student at Bansal Group of Institutions, Bhopal, with a solid foundation in Data Structures & Algorithms, Object-Oriented Programming, and front-end web development. Proficient in C++, SQL, HTML, CSS, and JavaScript. SIH shortlistee with multiple industry certifications. Seeking an SDE internship to apply problem-solving skills to real-world engineering challenges.

EDUCATION

B.Tech — Computer Science & Engineering	2023 – 2027
Bansal Group of Institutions, Bhopal 2nd Year, 4th Semester	
Senior Secondary (12th) — CBSE Sagar Public School, Bhopal	75%
High School (10th) — CBSE Sagar Public School, Bhopal	87%

TECHNICAL SKILLS

Languages:	C++, C (Basics), SQL, JavaScript
Frontend:	HTML5, CSS3, JavaScript, Responsive Web Design
Core CS:	Data Structures & Algorithms, Object-Oriented Programming (OOP)
Tools:	Git, GitHub, VS Code
Exposure:	React.js, Node.js, MongoDB (actively learning)

PROJECTS

Personal Portfolio Website <i>HTML5, CSS3, JavaScript</i>	<i>github.com/kalash-hayaran</i>
- Responsive personal portfolio showcasing skills, certifications, and contact info. - Mobile-first layout with smooth scroll and cross-browser compatibility.	
DSA Problem Tracker <i>HTML, CSS, JavaScript, LocalStorage</i>	<i>github.com/kalash-hayaran</i>
- Browser-based tracker to log solved DSA problems by topic, difficulty, and date. - LocalStorage persistence with filter/search to navigate entries efficiently.	
Student Result Management System <i>C++, File Handling, OOP</i>	<i>github.com/kalash-hayaran</i>
- Console app to add, update, search, and delete student records via file I/O. - Applied OOP principles — classes, inheritance, and encapsulation.	

COMPETITIVE PROGRAMMING

- LeetCode** — Actively solving problems across Arrays, Strings, Linked Lists, Recursion, and OOP; consistent practice focused on building SDE interview readiness.
- Focus Areas:** Problem decomposition, edge-case handling, and optimizing brute-force solutions toward efficient time and space complexity.

AWARDS & CERTIFICATIONS

- Smart India Hackathon (SIH) 2024** — Shortlisted nationally among top student teams
- NPTEL Elite Certificate** — Object-Oriented Programming through Java
- Microsoft AI-900** — AI Fundamentals — Azure cognitive services & ML concepts
- FutureSkills Prime** — Internet of Things (IoT) fundamentals & applications

SOFT SKILLS

Analytical Thinking · Complex Problem-Solving · Adaptability · Team Collaboration · Effective Communication
